IN THE MATTER OF THE APPLICATION OF
GOLDEN CORRIDOR WATER COMPANY,
NOTICE OF AN EMERGENCY SURCHARGE
TO COVER THE INCREASE IN OPERATING
COSTS

DOCKET NO. W-20461A-07-0158

EXCEPTIONS TO ADMINISTRATIVE
LAW JUDGE'S RECOMMENDATION

Arizona Water Company (the "Company"), an intervenor in this docket, and the interim operator of the Golden Corridor Water Company ("Golden Corridor") water system files its exceptions to the July 10, 2007 Recommendation (the "Recommendation") of Administrative Law Judge Yvette Kinsey. Specifically, the Company takes exception to the third and seventh ordering paragraphs, which appear on page 8, beginning at line 9. The third ordering paragraph provides as follows:

IT IS FURTHER ORDERED that the \$3 per 1,000 gallon surcharge approved herein shall be interim and subject to refund pending the review by Staff of the permanent rate application.

DOCKET CONTROL

1 The seventh ordering paragraph provides as follows:

2
3 IT IS FURTHER ORDERED that Golden Corridor Water
4 Company, through its interim operator Arizona Water
5 Company, shall post a bond or a sight draft letter of credit in
6 the amount of \$10.00 prior to implementing the emergency
7 surcharge authorized by this Decision.
8

9 The Company believes, and therefore submits that the conditions that the
10 surcharge be subject to refund, and that a bond or sight draft letter of credit be required
11 are requirements that may have been appropriate while Golden Corridor operated its
12 own system, before the Company became interim operator through its agreement with
13 the Staff. Through the interim operating agreement with the Utilities Division the
14 Company, in effect, is merely the agent of the Utilities Division and is using any rates it
15 collects to operate the Golden Corridor system on behalf of the Utilities Division.
16 Therefore, these requirements should not apply to the Company in this case.
17

18 In addition, because the Company is simply managing the Golden Corridor
19 system under its agreement with the Utilities Division, it does not have, nor would it be
20 expected to have the opportunity to earn a return, as would usually be the case if a
21 utility were operating its own system. There is, therefore, no reason to include a refund
22 provision and no need to require a bond or letter of credit to ensure that refunds can be
23 made.

1 CONCLUSION

2
3 For the foregoing reasons, the Company respectfully submits that the
4 Recommendation should be amended to delete the third and seventh ordering
5 paragraphs, and that any corresponding additional changes to the Recommendation be
6 made as the Commission deems appropriate.

7
8 RESPECTFULLY SUBMITTED this 18th day of July 2007.
